NJDOT Releases Draft Capital Plan for Fiscal Year 2025

NJDOT has published their DRAFT Capital program for Fiscal Year 2025 which begins on July 1, 2024. The Draft program becomes final after consideration by the State Legislature as part of the Fiscal Year 2025 State Budget process.

The FY2025 proposes a \$4.859 overall Capital Program which includes \$3.18 billion for NJDOT and \$1.679 Billion for NJ Transit. \$2.79 Billion of the program comes from Federal funding with \$1.947 billion towards NJDOT and \$842 million to NJ Transit.

The program provides funding across a number of broad categories including:

- \$1.35 billion for State & Local Bridges
- \$478 million for Pavement Rehabilitation, Renovation & Resurfacing
- \$153 million for Safety Improvements
- \$252 million to address Highway Congestion
- \$729 million for Local Support which includes \$400 million for the State Local Aid Program

Senator Parker Space and Assemblyman Michael Inganamort Tour Weldon Materials Hopatcong Facility

Senator Parker Space (R-24) and Assemblyman Mike Inganamort (R-24) recently toured the Weldon Materials Hopatcong facility. Senator Space is a member of the Senate Environment Committee while Assemblyman Inganamort serves on the Assembly Environment Committee and the Assembly Transportation Committee.

The legislators were able to observe quarry operations and the asphalt manufacturing process first hand, while also learning more about the contributions our industry makes on a daily basis to the economy, the environment and the quality of life throughout the state.

Bob Weldon discussed with the legislators the regulatory challenges faced by our industry as well as the continued need for investment in infrastructure.

Please contact the association office if you are interested in conducting a tour of your facility for State Legislators or other policy makers.

NJAPA Honors Bob Brown and Presents Annual Paving Awards

More than 100 industry leaders gathered recently to celebrate some of the best paving projects completed over the past year and to honor Bob Brown, former Chairman of American Asphalt and longtime NJAPA Board of Director member, on his induction into the New Jersey Asphalt Pavement Hall of Fame. NAPA Releases 2022 Recycling Report and Seeks Input for 2023 Survey

The National Asphalt Pavement Association recently released their 13th Annual Asphalt Pavement Industry Survey on Recycled Materials and Warm Mix Asphalt Usage.

The 2022 Report is available [HERE](#)

NAPA also needs your help in gathering data for the 2023 construction season survey on the use of recycled materials and warm-mix asphalt.

Please visit <https://www.surveymonkey.com/r/RAPnWMA23> to provide information about the use of recycled materials and WMA at your plants.

NAPA would like to have as many responses as possible by June 30 with participation from all 50 states and the U.S. territories. It is recommended that respondents download a printed version of the survey to ensure that all relevant data is on hand before beginning the process.

Information provided is kept fully confidential and only reported at the state level if more than three producers in the state participate. If you have any questions, please contact Brett Williams at bwilliams@asphaltpavement.org, NAPA's Director of Engineering & Technical Support.
