

NJ ASPHALT PAVEMENT ASSOCIATION MEMBER UPDATE

NJDOT Issues Baseline Document Change for Shear Testing

NJDOT has issued Baseline Document Change 26S-13, effective with jobs bid after August 17, 2026. This BDC has been modified significantly since it was originally proposed and is the result of several years of meetings, discussion, pilot projects and litigation between Industry (NJAPA and UTCA) and the Department. The requirement applies to projects which have 8,400 square yards of 2-inch milling and paving.

The BDC is available [HERE](#).

Please review carefully and contact the Association Office should you have any questions.

NAPA Hosts Emerging Industry Leaders at Annual Impact Conference

NAPA's 2026 IMPACT Leadership Group Conference teams up with Hill Day this fall for a week of advocacy, career growth, and collaborations.

With the reauthorization of the surface transportation bill on the horizon, this is your opportunity to tell your story to our elected officials and policymakers.

Industry Leaders Plan Congressional Meetings to Urge Renewal of Transportation Funding

NAPA, NSSGA, and NRMCA are joining forces on September 21-22 for Hill Day to share industry priorities with elected officials and policymakers. Together our voices are stronger. Together, we achieve more. Together, we build!

Hill Day arrives at an especially critical time, with the nation's surface transportation programs set to expire just days later. Whether we're urging Congress to finish the job or thanking lawmakers for delivering a new bill, your voice will help shape infrastructure policy for years to come. You may register through NSSGA or as an add-on to your NAPA Impact Conference registration.
